LIVE BROADCAST

The Energy Bar Association and the CTN Legal Task Force jointly provide continuing legal education on critical legal and regulatory energy issues.

- What impacts on federal and state energy regulatory policies can be foreseen due to high natural gas prices and low inventories?
- If these market conditions cause manufacturing concerns to shutter their facilities, how will regulators and the energy industry respond?
- How will pending federal energy legislation and possible new FERC regulations factor into this mix?

2 CLE Credits are available for registered participants and administered through the EBA.

Investment: \$695
