

**November 20, 2003**  
**10:30 – 11:30 AM ET / 9:30 – 10:30 AM CT**

## ***“Emerging Gas Supply Issues”***

***Sponsored by Gulf South Pipeline***

### **PANELISTS**

**Moderator – Paul Ziff, Ziff Energy**  
**Don Santa, INGAA**  
**Kevin Meyers, ConocoPhillips Alaska**  
**George Alcorn, Sr., Alcorn Exploration**  
**Robert Howard, ChevronTexaco**

### **Target Audience:**

Marketing, Gas Supply Marketing, Communications, Business Development, Executives

### **Program Overview:**

Where will our natural gas supply come from in the future? The discussion will include challenges that lie ahead involving technology, competitive forces, regulatory/political forces, financial issues, environmental and security issues. Join Paul Ziff and other industry leaders to discuss the strategies required to be successful in meeting the challenges facing the natural gas supply industry.

### **Topics to be discussed**

- Supply: Northern Gas, LNG, and Storage
- Price: How High? How Long?
- Impact of High Prices: Pipeline, LDC, and Producer Perspective
- The Role For Government: NPC Study and DOE Initiatives
